

St. Mary's Catholic Primary School

Risk Assessment for Radicalisation and Extremism

St. Mary's school community follows the teachings of Jesus Christ, working together to develop the whole child, in a spiritual, moral, academic, physical, social and emotional way, within a caring and supportive environment.

St. Mary's Primary is a Catholic school which seeks to live out the values of Jesus Christ. We promote these values by our words and deeds, and Catholic doctrine and practice therefore permeates every aspect of the school's activity. We provide a Catholic curriculum, which is broad and balanced, recognising that every pupil is unique and is created in the image of God (Gen. 1:27). Our curriculum is designed to enable every pupil to discern their vocation and to be well-equipped to follow it as active citizens in service to the world. Catholic Religious Education is the "core of the core curriculum" (Pope John Paul 11 – address of His Holiness John Paul to the bishops of Great Britain on their Ad Lumina visit, 26th March 1992) and the foundation of the entire educational process. We also provide a range of extra-curricular activities and strong pastoral support. We incorporate democratic principles, value the rule of law, support individual liberty and foster a community in which different faiths and beliefs are respected.

The Aims of our School

We will endeavour to create a Catholic Ethos in our school, which reflects the Gospel values, through the love, care and respect we show to each other, and to all who come to our school.

We will teach the beliefs, traditions and practices of the Catholic Faith.

Through the prayer and worship in school we will try to be a living community of people celebrating their love for God and one another.

We believe the quality of the curriculum, with Religious Education at its core, is of prime importance and will focus on the development of the whole child.

We will at all times try to make provision for children with special needs, so that all members of our school community achieve their potential.

We will help the children to develop an awareness of and respect for other religious and cultural backgrounds, as we believe this to be an essential preparation for adult life.

Love, Listen and Learn

We believe that good communication between governors, staff, parents and children is important for the well-being of our school, and we will work in partnership with the wider community especially the home and parish in developing each child's potential.

Aims for Each Child at St. Mary's Catholic Primary School

- ◆ Whilst at St. Mary's School I will learn about being a Christian. I will experience the beliefs, traditions and practices of the Catholic Faith.
- ◆ I will achieve as much as I possibly can in each area of the National Curriculum.
- ◆ I will know how to learn and enjoy learning, and will view work in a positive and conscientious manner.
- ◆ I will co-operate and communicate with others effectively, independently and in a group, and try to win and lose graciously.
- ◆ I will tolerate and respect the religious beliefs, views and values of others, understand the need for good behaviour and moderate my behaviour accordingly. I will respect the belongings and property of others.
- ◆ If I have a problem I know I can find someone who will discuss it with me.
- ◆ I will try to learn from my mistakes and accept there is always room for improvement.
- ◆ I will share a sense of responsibility for my school, parish, local community and the wider environment.

The government set out its definition of 'British values' in the 'Prevent Strategy' (2011), which was designed to prevent the extremism and religious radicalization of young people. British values are considered by the present government to be **democracy, rule of law, individual liberty, mutual respect and tolerance of those of different faiths and beliefs**. The promotion of 'British values' is central to Catholic education because British values have their origin in the Christian values of our nation.

"We are proud that Catholic schools promote values that are both Catholic and British, including: respect for the individual, democracy, individual liberty, respect, tolerance and inclusiveness. Our schools promote cohesion by serving more ethnically diverse and poorer communities. Catholic schools provide high standards of education which are popular with parents from all social, economic and faith backgrounds." **Paul Barber (Catholic Education Service 15 December 2014).**
