1. Ethos

We recognise that there is a challenge in creating an enriching environment for all those involved at every level of school life. We take our lead and inspiration from Christ with regard to the Gospel values: the belief that all human beings are uniquely created and loved by God and worthy of respect. This challenge manifests itself in the way that we treat and value:

- Our relationships with each other and the wider community;
- Our respect for one another;
- Our welcome to and interest in all those who visit our school;
- Discipline inspired by forgiveness, healing and reconciliation;
- Our school environment.

Through rising to this challenge we aim to create an awareness of a sense of belonging to and being part of the life of St Mary's.

2. The Aims of our School

We will endeavour to create a Catholic Ethos in our school, which reflects the Gospel values, through the love, care and respect we show to each other, and to all who come to our school. We will teach the beliefs, traditions and practices of the Catholic Faith.

Through the prayer and worship in school we will try to be a living community of people celebrating their love for God and one another.

We believe the quality of the curriculum, with Religious Education at its core, is of prime importance and will focus on the development of the whole child. We will at all times try to make provision for children with special needs, so that all members of our school community achieve their potential.

We will help the children to develop an awareness of and respect for other religious and cultural backgrounds, as we believe this to be an essential preparation for adult life.

We believe that good communication between governors, staff, parents and children is important for the well-being of our school, and we will work in partnership with the wider community especially the home and parish in developing each child's potential.

3. Aims for Each Child at St. Mary's Catholic Primary School

- ◆ Whilst at St. Mary's School I will learn about being a Christian. I will experience the beliefs, traditions and practices of the Catholic Faith.
- ◆ I will achieve as much as I possibly can in each area of the National Curriculum.

- ◆ I will know how to learn and enjoy learning, and will view work in a positive and conscientious manner.
- ◆ I will co-operate and communicate with others effectively, independently and in a group, and try to win and lose graciously.
- ◆ I will tolerate and respect the religious beliefs, views and values of others, understand the need for good behaviour and moderate my behaviour accordingly. I will respect the belongings and property of others.
- ◆ If I have a problem I know I can find someone who will discuss it with me.
- ◆ I will try to learn from my mistakes and accept there is always room for improvement.
- ◆ I will share a sense of responsibility for my school, parish, local community and the wider environment.

4. Diocese of Westminster Education Equal Opportunities Statement of Values for a Catholic School or College (incorporating Race Equality Policy Statement)

Christ is the foundation of everything we do and the Gospels provide us with our influence and inspiration. We are therefore committed to promoting:

□□□the uniqueness of the individual

We believe that every person is a unique individual, created in God's image and loved by Him. We are therefore committed to treat every person with equality of esteem and the respect and dignity due to a child of God.

□□□the search for excellence

We are called to seek perfection in all aspects of our lives. We celebrate the enrichment of the total community which flows from diversity of age, gender, marital status, racial and social origins, abilities, culture, religion or belief. We are therefore committed to ensure that all are to be given every opportunity to develop their talents to the full.

□□□the education of the whole person

We offer young people the experience of life in a community founded on Gospel values and working in harmony. Through this and a variety of educational experiences and interactions we aim to prepare young people for a life working with others in communities which may be diverse socially, culturally and religiously. We recognise that it is also important to help pupils to understand their own ethnic identity and cultural heritage as well as helping them to understand

that of others, irrespective of whether the school serves or is located in an ethnically diverse community.

□□□the education of all

We have the duty to care for all, with preferential consideration for the poor, and to ensure that we provide for those who are socially, academically, physically or emotionally disadvantaged.

□□□moral principles

Our belief in the Gospel message commits us to be in the forefront of the movement for social and racial justice and harmony. We believe this is fundamental to the common good. We aim to prepare our young people to serve as witnesses to these moral and spiritual values in the wider world.

Consequently, we will strive to ensure that:

- Any person applying for, or recruited to the service of the school, whether as a member of staff or a volunteer, is made fully aware of our aims and objectives and that those who are appointed are required to support them;
- There will be no unlawful discrimination in the recruitment or retention of staff and reasonable adjustments will be made where necessary for disabled people;
- Children who are applying to, or are admitted to the School and their families, are fully aware of our aims and objectives and that those who have been admitted undertake to support them;
- There will be no unlawful discrimination against children applying to the school or to those who are subsequently admitted. Reasonable adjustments will be made where necessary for disabled pupils;
- All of our structures and policies are evaluated and kept under constant review in order to see that no individual is subjected in any way to unlawful discrimination, whether intentional or unintentional, and to ensure that all are enabled to reach their full potential.

Finally, we acknowledge that minority groups have often suffered disadvantage due to prejudice or ignorance. We recognise that it is all too easy for the structures of institutions to result in “inequality by default”. We therefore commit ourselves to take

positive steps to examine our policies and practices and to change them where necessary.

5: Vision and Values

Our equality vision and the values that underpin school life

St. Mary's Catholic Primary School shares the local authorities' commitment to equality of opportunity and to making Enfield a cohesive community.

The policy aims to ensure fair treatment and equal opportunities for all borough residents, users of the council's services and council employees. Everyone is affected by inequality". (Enfield Council's policy on Valuing Diversity and Equality November 2008)

"Community cohesion in Enfield is about building a strong borough, a place which residents can identify with and feel proud of, and where people from all different backgrounds feel valued and can develop positive relationships with their local community: relationships which stimulate a sense of belonging and help people to feel at home".

("Enfield Together" Enfield Community cohesion Strategy 2010-15)

The school acknowledges its role and will make its contribution by developing a fully accessible and inclusive organisation that welcomes and respects the diversity of its students, staff, community and visitors to the school.

The school believes that:

- Every person is created by God and in His image and is therefore unique and valued
- every child in the world matters
- diversity must be recognised and valued so that where appropriate individuals can be treated differently to achieve equality
- we must encourage positive attitudes, interactions, mutual respect and a shared sense of belonging
- school policies and procedures relating to employees (and potential employees) must positively promote equality
- we must create opportunities to remove barriers to equality
- policy development must involve appropriate consultation and participation
- our ethos and practice must embrace the teachings of the Catholic Church and reflect the local, national and international communities in which we operate

Through the school's ethos, curriculum and extended activities we will contribute positively towards eliminating inequalities and developing a cohesive community

The school recognise that the actions resulting from a policy are what make a difference and therefore every year we draw up an action plan linked to the overall school improvement plan, setting out the specific actions and projects we shall undertake to implement the vision outlined above.

7: Legal Background

Aims

Our school aims to meet its obligations under the Public Sector Equality Duty (PSED) by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

Legislation and guidance

This document meets the requirements under the following legislation:

- The Equality Act 2010, which introduced the Public Sector Equality Duty and protects people from discrimination
- The Equality Act 2010 (Specific Duties) Regulations 2011, which require schools to publish information to demonstrate how they are complying with the Public Sector Equality Duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: The Equality Act 2010 and schools.

The duties that underpin our scheme

Our school is committed to meeting its public sector statutory duties as detailed below. We understand that the duties apply to service delivery and employment and staff management as well as policy development and implementation.

General duties

The Equality Act 2010 harmonised discrimination law in the UK (there are exceptions for Northern Ireland) and gives a single approach to dealing with equalities or discrimination.

The Act identifies nine “protected characteristics” where the government feels that discrimination can arise.

These protected characteristics are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief and sexual orientation.

Equality Act 2010, Royal assent 8th April 2010

We have a statutory duty to carry out our functions with due regard to the need to:

- eliminate discrimination, harassment, victimisation and any other conduct prohibited under the Act
- advance equality of opportunity between persons who share relevant protected characteristics and those who do not
- foster good relations between people who share a relevant protected characteristic and persons who do not share it

- promote equality of opportunity

Community cohesion duty – *Education and Inspections Act 2006 and Education and Skills Act 2008*

In addition to addressing the duties outlined above, our school is committed to working hard in order to meet the duty to promote community cohesion. We will increase our focus on helping children and young people to learn to understand others, to value diversity whilst also promoting shared values, to promote awareness of human rights and to apply and defend them, and to develop the skills of participation and responsible action. We are committed to following DFE guidance in providing:

- teaching and curriculum provision that supports high standards of attainment, promotes common values, and builds pupils' understanding of the diversity that surrounds them
- lessons across the curriculum that promote common values and help pupils to value differences and challenge prejudice and stereotyping
- a programme of curriculum-based activities whereby pupils' understanding of community and diversity is enriched through fieldwork, visits and meetings with members of different communities
- support for pupils for whom English is an additional language to enable them to achieve at the highest possible level in English

Specific duties:

The school has a duty to prepare and publish its policies and plans for meeting the general duties. All the specific duties have informed the production of our equality scheme. Section 4 (Roles and Responsibilities) details the involvement of all staff in the implementation of the scheme.

Action relevant to community cohesion and other diversity strands is specifically identified in the Action Plan.

The Equality Act 2010 requires schools and settings to;

- **develop and publicly set out their equality objectives**
- **set out the steps they will take to achieve these objectives**
- **implement these steps unless it would be unreasonable and impractical to do so**
- **review and update, as necessary, the objectives every three years**

Eliminating discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act – for example, during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training every September.

Advancing equality of opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people that are connected to a particular characteristic they have (e.g. pupils with disabilities)
- Taking steps to meet the particular needs of people who have a particular characteristic
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing
- Analyse the data referenced above to determine strengths and areas for improvement, implement actions in response and publish this information

Fostering good relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies
- Working with our local community. This includes where possible inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- All pupils are encouraged to participate in the school's activities, such as sports clubs.

Equality considerations in decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

8: Roles and Responsibilities

Chain of accountability

The Board of Governors, supported by the Headteacher and staff, is responsible for ensuring the implementation of this scheme.

Commitment to implementation

The Headteacher retains overall responsibility for ensuring that the action plan is delivered effectively.

Every term, managers and key staff will report to the Headteacher on actions and progress. Every term there will be a report on equality and diversity to the Governors meeting.

All staff are responsible for delivering the scheme both as employees and as it relates to their area of work.

St Mary's Catholic Primary School Single Equalities and Community Cohesion Action Plan 2023

Our School is committed to developing a single equality scheme that incorporates the requirements of the Equality Act 2010 and its associated code of practice together with new actions covering Community Cohesion.

The Single Equality Scheme is a three-year strategy (which will be updated as part of the Governors Policy Review Cycle) involving a policy, action plan and procedures to assess the impact of our scheme. The scheme shows how our school will promote equality and community cohesion and remove discrimination in all areas of school life.
